

## **Bullying Prevention Script 1**

:20 read

Don't just stand there! Stop bullying now!

Why?

For me. For my friends.

I won't watch someone get picked on.

I am a do something person. I won't just stand there.

I can help change things.

It's the right thing to do.

Because bullying hurts everybody.

She's fat. (*laughing*)

What a freak! (*mean, hateful*)

Nobody likes you anyway. (*taunting*)

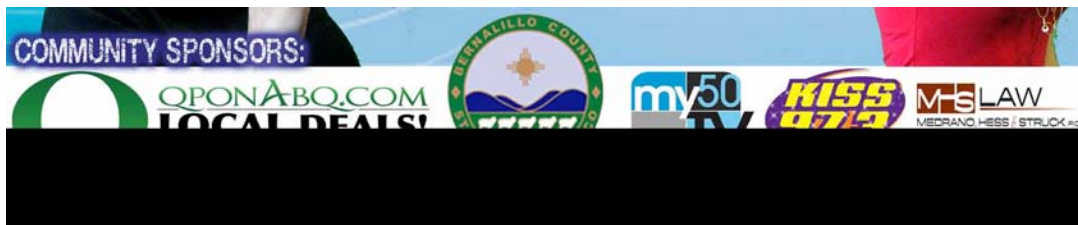

OMG what a stupid outfit!! (*thoughtless, rude*)

Why don't you just go away? (*hateful, cold*)

It hurts to hear it.

It hurts to read it.

Don't be a cyber bully.

### **Bullying Prevention Script 3**

Stop cyber bullying.

Don't write, respond to, or forward harmful messages.

If something mean is posted about you, don't respond right away,  
take a minute and think before you react or even tell an adult.

And never meet unknown internet friends without talking to a trusted adult first.

## **Bullying Prevention Script 4**

How can you help prevent bullying?

Ask for help from a trusted adult.

Don't join in hurting someone else.

Stand by the target.

Have them to walk away with you.

Have other friends join you too.

There is power in numbers and there are way more of us who don't bully.

Don't Just Stand There, Stop Bullying Now!
